FINANCIAL DEPARTMENT.

ACCOUNTS.

No. 3987.—Publishes the following Resolution for general information:—

The Governor General in Council having reason to believe that the Government Savings' Bank in Bombay was being employed for purposes which it was not intended to serve, caused inquiries to be made as to the character of the more recent accounts, the classes by whom deposits were made, and the way in which the accounts are worked.

From these inquiries it appears that there are numerous accounts, many of them recently opened, in which the maximum sum allowed has been deposited at once; and that the limit prescribed as to the amount of each account has been in practice evaded, the same person having opened more than one account.

The object of Government Savings' Banks is to afford to the industrial classes and to persons of limited means facilities for the accumulation of small savings. The essential character of the class of accounts that it is desirable to encourage is, that they are growing accounts. It was not the intention of Government to encourage the deposit at Savings' Bank rate of interest of considerable sums of money.

In order therefore to ensure that Savings' Banks shall be used only for legitimate purposes, rules:—

1*st*.—Without the special permission of the head of the office, which should be very sparingly given, no one may deposit in any Government Savings' Bank in India more than Rs. 500 in one year or more than Rs. 3,000 in all.

2*nd*.—Ordinarily, no one may open for himself or the members of his family more than one account ... 3

No. 4051.—With reference to paragraph 3 of Financial Resolution No. 2422, dated 21st August 1873, directs the publication of the following rules for the training of junior officers of the Financial Department:—

1. A junior officer of the Financial Department, on first appointment, will be attached for a period of not less than one year to the office of a Provincial Accountant General, and serve an apprenticeship in the various sub-divisions of the office in the following order:—

(1) Treasury Accounts Department;
(2) Accounts Current Department;
(3) Compilation Department;
(4) Book Department;
(5) Budget Estimate Department, and
(6) Resource Department;

2. He will commence work on one of the smallest and most simple treasury accounts, learning his duties at first from the Examiner of the Account, and going with him through the whole process of classification and audit, including the examination of service vouchers, the check of bills and deposits, and the preparation of the district abstract. He will repeat the same process with the larger and more complicated accounts, until he has obtained suffi-

Page.

cient knowledge to be able to undertake the classification and audit of a treasury account without assistance. Having arrived at this stage, he will, unaided, examine and prepare the district abstract of not less than six accounts, three of which should be of the largest treasuries. Each of these accounts, with vouchers and the district abstract, will be carefully re-examined by a senior Examiner, and all corrections that may be necessary will be reported to the Accountant General. A junior officer will not be promoted from the Treasury Account sub-division until he has obtained a thorough knowledge of the work and is able to conduct it with complete accuracy.

3. In the accounts current sub-division the junior officer will be taught the method of preparing accounts current of transactions with other Governments and Departments, the adjustment of accounts current received, and the agreement of accounts current received and sent. He will continue on this work until he has, unaided, completely adjusted, to the satisfaction of the Accountant General, the accounts current exchanged with three Governments or Departments for one month.

4. In the Compilation Department he will be taught the process of posting the detail books from the district abstracts and transfer book, and the preparation of the general provincial abstract of receipts and disbursements. He will himself post the figures of one district abstract and entries in at least ten pages of the transfer book.

5 In the book sub-division he will be taught the process of posting the journal and ledger, of preparing the quarterly balance sheet, the annual explanation of outstanding balances and the appropriation statement, contrasting the actual receipts and disbursements of the year with the budget estimate. He will not be promoted from this sub-division until he has posted the ledger and journal of one month to the satisfaction of the Accountant General.

6. The junior officer, having by this time acquired a practical knowledge of the audit and compilation of the actual accounts, will be instructed as to the method of preparing estimates, beginning with those received from district officers up to the final estimate submitted to Government. These instructions will embrace the budget and regular estimates and the resource estimates.

7. In the resource sub-division the junior officer will be made acquainted with the methods used for the supply and withdrawal, of funds to and from public treasuries, and the local conditions and circumstances under which they are adopted in the several districts of the administration. He will also make himself acquainted with the rules for the management of the Paper Currency agencies at district treasuries.

8. It is of special importance that the following rule be strictly adhered to :—

Every officer undergoing the above course of training will be required to keep two note books—one for the entry of audit rules, the other for the entry of orders relating to accounts, currency, public debt, &c. These books must be neatly written and kept, and will be periodically inspected by the Accountant General 3

No. 589.

INDIA OFFICE;

London, 9th December 1873.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—

I have considered in Council your Military letter, dated 23rd October 1873, requesting to be informed whether probationers for the Staff Corps are entitled to subscribe to the Indian Service Family Pension Fund.

Page.

2. This question was raised in a letter from the Examiner of Fund Accounts to the Director of Military Funds, dated 3rd June 1873, and I decided in Council "that Staff Corps probationers should *not* be admitted to the Fund, and that officers on being gazetted to the Staff Corps should join the Fund from the date of the *Gazette* notifying their appointment; no arrears being claimed for the period during which they are probationers."

I have, &c.,

No. 73 of 1874.—His Excellency the Governor General in Council is pleased to declare that the right flank cells of the garrison prison at Poona, Bombay Presidency, shall be deemed and taken to be a military prison under the provisions of G. G. O. No. 1004, dated the 18th October 1870 ... 39

No. 79 of 1874.—With the view of obviating misapprehension, and placing all officers who occupy Government quarters on an equal footing, the Right Hon'ble the Governor General in Council is pleased to direct that in future the scale of rent for such quarters shall in all cases be that prescribed in G. G. O. No. 859, dated 26th October 1866.

2. Presidency house-rent being in fact an allowance specially granted, in addition to the house-rent or tentage virtually included in every officer's pay, to enable him to provide himself with suitable accommodation in a presidency town, any officer who may be in receipt of it will, on his occupying public quarters, cease to draw that scale of house-rent, and will pay the rent laid down in that General Order.

3. This order supersedes G. G. O. No. 579, dated 30th May 1867, and is applicable to the three Presidencies 39

No. 86 of 1874.—With reference to G. G. O. quoted on the margin, rules that when Battery Staff Sergeants of Horse and Field Artillery are appointed to act as Brigade Staff Sergeants, they are to retain the pay and allowance of their own appointments, and the non-commissioned officers appointed to perform the duties of Battery Staff Sergeants will receive the extra pay of 6*d.* a day in addition to the pay of their rank.

No. 180, dated 8th February 1870.
No. 352, dated 1st April 1872.

2. Staff Sergeants of Garrison Batteries, acting as Brigade Staff Sergeants, will receive pay as laid down in the above-quoted orders ... 47

No. 88 of 1874.—The following revised paragraph will be substituted for paragraph 7 of G. G. O. No. 303, dated the 21st March 1872, under the head "custody of and damages to barracks and furniture:"—

It will be the duty of the subordinate so appointed to inspect monthly all buildings and barrack and hospital furniture, in conjunction with the Quartermaster Serjeant of the regiment in occupation; or, in hospitals, with the Hospital Serjeant or a Medical Subordinate deputed by the Medical Officer in charge; and he will then assess all damages done by the troops to buildings or furniture in their charge. In case of a disputed charge, the matter will be inquired into, and if possible, settled by the Executive Engineer and Quartermaster, or Medical Officer in charge of the hospital. On a regiment finally quitting its barracks, the inspection of the lines is to be conducted by the Executive Engineer, accompanied by the Quarmaster and Medical Officer.

All such inspections, whether conducted by Officers or Subordinates of the Public Works Department, should be held on specified dates, which should be notified in Station orders for general information.

16. I have to inform your Government that Officers of Royal Engineers who may be allowed to study for promotion at Chatham, under the terms of General Order by the Governor General, No. 249 of 1873, will retain the appointment they held on quitting India on leave of absence 166

No. 332 of 1874.—In supersession of G. G. O. No. 1276 of the 18th December 1872, the following Clause 12 of Army Circulars of the 1st February 1874 is published for general information, and declared applicable to India:—

Gratuities to soldiers on discharge.

(Issued as a Special Army Circular on 23th January 1874.)

CLAUSE 12.—1. The General Fund, which has been formed from the fines inflicted upon soldiers for the crime of drunkenness, is appropriated to the purpose of granting gratuities to well-conducted Non-Com-

Page.

missioned Officers and men on discharge from the Army.

2. The scale of gratuities will be regulated annually according to the state of the General Fund, and will be notified to the Army from time to time.

3. From the 1st January 1874, the issue of the gratuities will be regulated by the following rules, except that, in Colonial Corps, the rates of gratuity will be only half those fixed for the Army generally.

4. Every soldier, who shall be discharged otherwise than for misconduct, will be paid, at the time of his discharge, a gratuity calculated at the rate of twenty shillings for each good conduct badge then in his possession; provided that the total sum of £3 shall not be exceeded, except in the case of a soldier who may not, for the ten years previous to his discharge, have been recorded as guilty of drunkenness. In such case the limit will be extended to £4 if the soldier shall be in possession of four good conduct badges, and to £5 if he shall be in possession of five good conduct badges.

5. In the case of a Sergeant the amount issuable will be calculated on the number of badges to which his services and conduct would have entitled him, had he been a private soldier at the time of his discharge, subject to the above limits. The charge will be vouched by a certified record of service.

6. Men transferred from the Line to the 1st Class Army Reserve, to complete their term of service, will receive, at the time of such transfer, such gratuities from the Fund as they would have received had they been discharged in lieu of being transferred.

7. Such men, if allowed to rejoin the colours, will not be required to refund any portion of the amount so received. They will be paid on final discharge from the Army a gratuity, at the rates specified above, for any badge or badges they may have become possessed of over and above those they had when transferred to the Army Reserve.

8. Non-Commissioned Officers detached from Regiments of the Line or other Corps of the Army, for service with the auxiliary forces, will not be entitled to receive these gratuities, until they are finally discharged from the Army.

9. The gratuities issued in accordance with these regulations will be charged in the Regimental Pay List, on a separate form or voucher. The soldier will sign the form or voucher in evidence of his having received the gratuity, and in each case in which the sum of £4 or £5 is awarded, the charge will be further vouched by a certificate of the Officer Commanding that the soldier has not been recorded as guilty of drunkenness during the ten years immediately preceding his discharge. In the case of a Non-Commissioned Officer referred to in paragraph 8, the certificate for the period during which he has been detached to the auxiliary forces, will be signed by the Adjutant and countersigned by the Commanding Officer of the Regiment or Corps with which he has been serving.

10. In the case of a soldier dying in the service, his estate will receive credit for such amount of gratuity as he would have been entitled to had he been discharged from the Army on the day previous to the date of his death. These gratuities will be charged in the Regimental Pay List on the same form or voucher as those issued to men on discharge, vouched by a reference to the non-effective account in which the credit is given.

11. Clause 140, Army Circulars, 1872, and Clause 4, Army Circulars, 1873, are hereby cancelled.

2. This order will not affect the arrangement regarding the monthly remittance of the recoveries for drunkenness as notified in G. G. O. No. 129 of 1872 167

The Small Arms Ammunition Factory at Dum-Dum

and the officers in charge will be designated Superintendents.

To three out of the five factories a staff salary of Rs 750, and to the remaining two of Rs 600 per mensem will be assigned, in addition, as at present, to the regimental pay and allowances of rank, the salaries being assigned according to seniority of appointments

In the Presidencies of Fort St George and Bombay, the Manufacturing Agencies will also be styled Factories, and the officers in charge designated Superintendents as in Bengal, with a staff salary of Rs 600 per mensem, in addition to regimental pay and allowances of rank

In the Bombay Presidency the Small Arms Ammunition Factory at Kirkee will be formed into a separate agency, and the officer in charge will cease to be borne on the graded list of the Department

With a view to providing a reserve of officers who have been trained to a practical knowledge of the working of the various manufacturing establishments, and who will thus be qualified to take charge of them, if at any time temporarily vacant, five young officers of Royal Artillery will be appointed under the designation of "Assistant Superintendents" to be attached to factories in the three Presidencies, the term of appointment being for three years The staff salary will be Rs 150 per mensem for the first year, and Rs 200 for the succeeding years, should they be favorably reported upon and pass such tests as may be laid down

These officers are not to be considered available for executive employment in the Department, and will ordinarily rejoin their Batteries at the expiration of their tour of staff service

Three of these assistants will for the present be allotted to Bengal and one to each of the Presidencies of Fort St George and Bombay

The staff salaries of the Deputy Inspectors General will be in Bengal Rs 800, and in the Madras and Bombay Presidencies Rs 600 per mensem, in addition, as at present, to regimental pay and allowances, the officers of the other grades receiving the same staff salaries as at present

For the future, and pending further orders, the regular establishment of the several Ordnance Departments will be as follows —

	Bengal	Madras	Bombay
Inspector General ...	1	1	1
Deputy Inspector General ..	1	1	1
Commissaries, 1st Class	3	2	2
Commissaries, 2nd Class ...	2	2	2
Commissaries, 3rd Class	3	3	3
Total ..	10	9	9

The Assistant to the Inspector General of Ordnance in Bengal is not included in the above scale, and will, as heretofore, be extra to the establishment and borne as a supernumerary on the grade to which he may belong, in order to regulate his departmental standing 173

"3 With regard to the question which you have raised as to the rate of donation batta admissible to Honorary Assistant Surgeons (now Surgeons) and to Warrant Officers of the Medical Department under the new organization, I have to inform you that I have determined that Medical Officers holding honorary commissions shall receive the rates of donation batta of their relative military rank

4. You are of opinion that Senior Apothecaries, without commissions, should receive donation batta in the rank of Lieutenant, viz., Rs 121-12, and Apothecaries of above five years'

service in that grade the full batta of a Deputy Assistant Commissary, *i. e.*, Rs. 91-5, the others receiving the donation batta of an Army Conductor, *viz.*, Rs. 60-14. and the Assistant Apothecaries Rs. 45-10-4, or that of a Sub-Conductor.

G. O. No. 1160, dated 11th November 1873, that neither the Indian Furlough Rules of 1868 nor those of 1854, are, *as respects leave on private affairs*, applicable to British Officers serving with their regiments or employed with a five years' tenure in staff situations. Any leave on this account, which may be granted to them by the authority under whom they may be serving, must be taken under the rules of the British Service, and therefore, whilst borne on the Indian Establishment, they will receive the British pay of their rank, and that only.

2. This ruling does not apply to officers of Royal Engineers permanently employed in Departmental service, or to other British Officers who may be permanently employed under the Governments of India. These are eligible for all the advantages of the Indian Furlough Rules so long as they retain their appointments 304

No. 555 of 1874.—With reference to paragraph 42 of G. G. O. No. 550 of 1868, which requires Hospital Apprentices after serving two years in a Regimental Hospital to enter the Medical College, Calcutta, His Excellency the Governor General in Council is pleased to direct that these Apprentices shall during that time be periodically examined with a view to ascertain the progress they make in their professional knowledge, and their fitness to enter the College.

2. For this purpose, Committees, composed of three Medical Officers, will assemble on the 1st May and 1st November in each year to examine all Hospital Apprentices admitted into the service at the half-yearly examinations of the previous years; at stations where three Officers are not available, the examination may be conducted by two Medical Officers.

3. Hospital Apprentices who have completed one year's service will be examined in General Anatomy, in their ability to read and write prescriptions, in the names, appearances, and uses of medicines, and in the extent of their knowledge of the forms and returns in use.

Those who have completed a service of two years and more will, in addition to the above subjects, be examined in practical Surgery and Medicine.

4. The results of the examinations will be given in reports of the annexed form. These reports will be prepared in duplicate, one copy being forwarded to the Surgeon General, Her Majesty's British Forces, and the other to the Surgeon General, Indian Medical Service.

5. Hospital Apprentices who may display marked ignorance and professional inaptitude should be separately and specially reported on by the Committee, with a view to their discharge, and those who have made but fair progress at the first examination should be warned that if at the next they do not show proof of having made satisfactory progress, and of their fitness for admission to the Medical College, they will be liable to be removed from the service.

6. Hospital Apprentices who may have qualified after their second year of service for admission to the Medical College should, until their actual admission, be required to attend an annual examination, to show that they are keeping up their professional knowledge and their fitness for the College course.

No. 580 of 1874.—The following Military letter from the Right Hon'ble the Secretary of State for India, is published for general information :—

MILITARY, INDIA OFFICE.
No. 87. LONDON, *7th May* 1874.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—In reply to your letter No. 23, dated 6th February 1874, I have the gratification of informing you that the Queen has been graciously pleased to approve of the 1st Goorkha Regiment being permitted to bear on its second or regimental color, the word "Bhurtpore" in commemoration of the distinguished gallantry displayed at the siege of that place in 1826 by a detachment of the first Nusseree Battalion, the former title of the 1st Ghoorkas ... 340

I have, &c.,
SALISBURY.

No. 585 of 1874.—The following additions and corrections of G. G. O. No. 171, dated 25th February 1874, are notified for general information. Order books to be corrected accordingly :—

To para. 1 add the following note :—

"NOTE.—The advantages granted by the furlough rules of 1854 to officers who obtain furlough on

Page.

medical certificate are not applicable to any officers of the British service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1865, and neither those rules nor the furlough rules of 1868 are, *as respects furlough on private affairs*, applicable to British officers serving with their regiments or employed with a five years' tenure in staff situations (see para. 4).

"But officers of the late Indian Army who hold permanent appointments under the Government of India, and who may have elected to abide by the furlough rules of 1854, in preference to those of 1868, of course retain their election."

2. For the 3rd clause of paragraph 5 substitute the following as clauses 3 and 4:—

Pay allowed them during furlough.

Sec. 3. Such officers will be allowed an advance of passage money, or free passage in a troop-ship if proceeding in the trooping season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England, conditionally on its refund if the order to return to India is not carried out.

Sec. 4. Those Royal Engineer officers who arrived in India before the 1st July 1872 are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for Home service, but draw furlough pay during furlough as others.

3. After clause 4 of the same paragraph (para. 5) add the following:—

A British Officer vacating appointment becomes, on re-employment, again eligible to these rules.

Sec. 5. An officer of the British service holding permanent staff employ under the Government who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regimental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

Page.

Instead of the concluding sentence of Clause 1 of Rule XXII, following the words "if he possess one," read—

The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem unless the full staff salary of the post in which he is officiating is less than that sum."

5. At the end of Rule XXII insert the following note:—

"NOTE.—The indulgence granted by Sec. 1 of this rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough" 341

The nett amount of fines after payment in India of such gratuities will be remitted home through the accounts current with London, but the gross receipts of the fund should be shown in the returns, and vouchers furnished in support of the payment made in this country 363

No 656 of 1874.—The Right Hon'ble the Governor General in Council is pleased to notify that, with a view to the advantage which will be derived to the public service from a reduction in the present number of field officers in the Indian Army, Her Majesty's Government has been pleased to sanction the adoption of the following measures:—

I. During the present year—1874—ninety (90) officers of the Staff Corps, and Cavalry and Infantry of the Indian Army, will be permitted to retire from the service, receiving, in addition to the pension to which they may be entitled by length of service under existing regulations, not exceeding the full pay pension of a Colonel (£456-5-0 per annum), an annuity representing the estimated value of their prospective claim to the Colonel's allowance, or its capitalized value as they may prefer.

Page.

II. This offer is restricted to substantive Lieutenant-Colonels who shall have completed 28 years' service, from the date of first commission, on or before the date from which they apply to retire, who may either, 1*st*, have been appointed to one of the Staff Corps on or before the 12th September 1866, and can claim the Colonel's allowance under the provisions of G. G. O. No. 808 of the 26th September 1866, or 2*ndly*, may be entitled, under G. O. G. G. of the 12th September 1862, to the Colonel's allowance after 12 years' service in the rank of Lieutenant-Colonel.

III. Ninety officers will be allowed to retire under these conditions. The number will be distributed as follows:—

For Bengal	...	40
„ Madras	...	30
„ Bombay	...	20
TOTAL	...	90

In the event of the whole of the retirements allotted to a particular presidency not being taken up in that presidency, those remaining will be rateably divided between the other presidencies.

IV. Applications to retire will be considered and disposed of, according to seniority, from the date of first commission.

V. Officers wishing to retire under the terms of this order must, whether in or out of India, submit their applications so as to reach the Office of the Adjutant General of their respective presidencies not later than the 1st October 1874; and they must state in their applications the day upon which they propose to retire, such day being not earlier than the 5th October 1874, nor later than the 31st December 1874.

VI. Officers whose applications are accepted will be gazetted out from the dates named by themselves, within the limit of dates above given, but will continue to perform their duties and receive the pay and allowances of their positions until officially informed of their removal from the effective list, either by direct communication, or by publication of the Gazette at the station at which they may be serving.

VII. Officers retiring under this arrangement will be considered as having received by anticipation the Colonel's allowance, and will forego both the good service pension, if they are in receipt thereof, and all claim to bonus compensation under the terms

of the despatch of the 8th of August 1866,* No. 160.

VIII. Applicants to retire must state—

1st.—Their rank and service.

2nd.—Their age (supported by a certificate of birth, or, in its absence, by a formal declaration).

3rd.—Whether they wish to receive commutation for their prospective allowances in the shape of an annuity, or to capitalize its value. Officers who desire to receive the capitalized value of the annuity must attach to their applications a certificate in the form given in Appendix A.

4th.—Whether they desire to receive payment, wholly or in part, in India, or in England.

IX. The table given in Appendix B shows the rates at which the expectation of the Colonel's allowance will be calculated in carrying this order into effect in the case of officers of various ages and service.

X. For the purpose of arriving at the amount payable in each case, whether as an annuity or in a single payment, officers' ages will be calculated from their birthday next succeeding the date from which they propose to retire, and the number of years they have to serve before becoming entitled to the Colonel's allowance will be calculated from the date of the proposed retirement. When the period to serve contains a fraction of a year, the fraction, if it be six months or under six months, will be excluded altogether; if it exceeds six months, it will be reckoned as a complete year.

Page.

XI. Payments made in India under this order will be at the rate of 1s. 10½d. for the rupee.

XII. Officers who elect to receive an annuity in preference to the capital sum, will not, after their retirements have appeared in the Gazette, be allowed to capitalize such annuity under the provisions of this order; and it is to be understood that no separate applications of individual officers to retire after the present retirements have been allotted will be entertained on the basis of this order.

XIII. Similar opportunities will be held out from year to year for a limited number of Lieutenant-Colonels to retire, by anticipating their Colonel's allowance, to such an extent and so long as the interests of the public service may seem to call for such special departure from the ordinary system of retirement; but no assurance can be given that the permission to commute an annuity for its capitalized value will be repeated on any future occasion 364

DIRECTIONS FOR THE USE OF THE TABLE.

Find in the marginal column to the left of the Table the number of years the officer has to serve before becoming entitled to the Colonel's allowance, and then in the same line of the Table the officer's age—(in column 2.)

The figure in the same line to the right of his age (in column No. 3, "Annuities") shews the annuity, and the figure to the left of his age (under column No. 1, "Values") shews the capitalized value of the annuity offered to him under this order.

EXAMPLE.—Lieutenant-Colonel A. applies to retire on the 31st December 1874. He will be 49 years of age on the 4th January 1875. He will become entitled to the Colonel's allowance on the 1st May 1880. For the purpose of making the calculation his age is 49, and the time he has to serve for the Colonel's allowance being five years and five months; the time he has to serve, for the purpose of the calculation under para. X of the order, is five years. The annuity offered to him is £364-8-0, and its capitalized value is £4,260 365

No. 236 (*in part*).—Cancels Public Work Department Notification No. 195, dated 7th April 1874, appointing Mr. Thomson Assistant Locomotive Superintendent, Tirhoot State Railway 267

No. 244.—The Railway Branch of the Public Works Department Secretariat, established under a Deputy Secretary, in 1869, has since managed, in addition to the chief Government control of the Guaranteed Lines, the executive as well as administrative control of the State Railways. The work connected with the State Railways has so much increased, that the Governor General in Council has determined that the time has now come when the executive control of the construction and working of these Railways should be separated from the duties of the Public Works Secretariat and transferred to a new Office. And His Excellency in Council is therefore pleased, with the sanction of the Secretary of State, to direct the following arrangements,

2. The duties of the chief executive control of the State Railways will be entrusted to an officer to be designated Director of State Railways, aided by an Assistant and a suitable Office establishment. The Director will act under general instructions from the Railway Branch of the Public Works Department Secretariat.

3. The appointment of the Director of State Railways will not interfere in any way with the duties of the Consulting Engineer for State Railways, who will continue to inspect the Railways and advise the Government of India on professional matters as heretofore.

4. With the exceptions mentioned below, all Engineers-in-Chief and other Officers in charge of State Railways will correspond with, and receive their orders from, the Director of State Railways, instead of the Public Works Department Secretariat.

5. The entire establishment of Engineers and other persons employed on these State Railways will be placed under the orders of the Director, who is empowered to transfer the officers and subordinates of all grades from one State Railway to another according to the requirements of the public service. The Director will recommend to the Government of India from time to time the promotions and appointments necessary to fill vacancies in the establishments, according to the usual rules in the Public Works Department. The Director is also empowered to grant privilege leave to the superior officers employed in the State Railways under the usual

rules, notifying in Part II of the *Gazette of India*.

The Director of State Railways will be entrusted with certain powers to deal with business coming before him, and will refer to the Railway Branch of the Public Works Secretariat of the Government of India in cases not coming within those powers.

The above orders will not apply to His Highness the Nizam's State Railway and the small Branch Railways in the Berars, which will continue to be administered by the Resident at Hyderabad as heretofore, under direct instructions from the Public Works Department Secretariat.

8. These orders will not apply to Railways constructed and maintained from Provincial Funds

9. The Wardha Valley Railway will also for the present be excepted, and will remain under the control of the Administration of the Central Provinces.

10. The Northern Bengal Railway will, during the present scarcity, be excepted from these orders, and remain, as a temporary arrangement, under the orders of the Government of Bengal.

11. The Calcutta and South-Eastern Railway and the Nulhattee Railway will be transferred from the control of the Consulting Engineer for Guaranteed Railways in Calcutta to the Director of State Railways, and also the arrangements for manufacture and erection of rolling-stock in Calcutta. The arrangements at Bombay and Kurrachee will remain undisturbed till further orders.

12. The Governor General in Council is pleased to appoint Lieutenant Colonel E. C. S. Williams, R. E., to be Director of State Railways, and Captain K. C. Pye, R. E., to be Assistant Director of State Railways.

13. These appointments and the arrangements above notified will have effect from the date of the receipt of this order 268

Pension code (civil): directs that the following be inserted as rule 1 under sec. 70 of the—: 1. An offr. may submit his application for pension or gratuity, even though he has not ceased to be borne on the estabt.; but the application must be supported by a certi. from the authority whose duty it would be to fill up his apptt., if vacant, that the offr. is likely to retire within six months from govt. service. The certi. is to be forwarded to the acct. dept., when that dept. is required to verify the services in accordance with the rules under sec. 71. This provision is intended to obviate the delays which take place in verifying service, and it is not to be understood as justifying the preparation of the regular application in form A prescribed in sec. 72 before the offr. has actually retired. Also directs that the following note be inserted under rule 1 of sec. 78: (Note.—This rule does not prohibit the submission of an application for pension or gratuity while an offr. is still in employ—*See. rule* 1 *under sec.* 70) 398; directs that the following be added under sec. 102 (b) of the civil pension code:—(5) Men of the Bhaugulpore hill rangers, who on the disbandment of the corps took employment in the police, count their service in that corps, including the period of employment in it during the time the corps was under the orders of the civil dept. after the reductions in the native army made in 1861, 449; directs publication of correspondence between secy. of state for India and govt. of India regarding newly apptd. members of covenanted civil service posted in England to the N W P, Punjab, and Oudh, and declares (in modification of the definition in rule 1 under sec. 2 of suppt A to the civil pension code, and rule 1 under sec. 7 (a) (3) of the civil leave code of the date of "first arrival in India since the 5th May 1869"), that the date of first arrival in India of a member of Bengal covenanted civil service, who is posted in England to Upper India and comes out *viâ* Bombay, shall, if he has been instructed by the secy. of state to enquire at the sect. of govt. of Bombay for any orders as to his ultimate destination, and receives no such orders there, be held to be the date of his reporting himself at Allahabad to secy. to govt. of India in home dept., and to secy. to govt., N W P. But if he receives orders at the Bombay sect., the date of his first arrival in India shall be held to be the date of his reporting his arrival at any station or province to which he may be attached by such orders 495; directs the insertion of the following as rule 3 under sec. 13 of —:— 3. An offr. on the estabt. of any govt. school in Bengal, the expenses of which are paid out of lump sum assignments made to a local comttee. having the direct management of the school and also out of the fees received at the school, may with the permission of the local govt. subscribe for pension or gratuity under the rules in this code in the manner prescribed in sec. 35, provided, in the case of an offr. hereafter apptd., that the apptt. is made at the proper age, and that a certi. of good health, as prescribed in rules 2 and 3 of sec. 49, is submitted by him if he is apptd. to superior service. An offr. on the estabt. of any school, the expenses of which are paid out of municipal funds and from the fees received at the school, may, in like manner, and under the same conditions, subscribe for pension and gratuity. When the local govt. allows an offr. to subscribe for pension or gratuity, his name, with his age and other particulars necessary for his identification, shall be recorded in the office of the acctt. genl., the certi. of good health should also be sent to that office 502; directs that in the form of certi. annexed to rule 2 under sec. 49 of — the words "cannot discover that he has any" be substituted for the words "find that he has no" 514; directs the following to be inserted as rule 2 under sec. 97 of —:— 2. The Port Blair police force though not organized under any of the Acts mentioned above, and never having had a superannuation fund, is on the same footing with respect to pension and gratuity as the police in India generally 520; directs that the following be inserted after the word "service" in rule 1 under sec. 53 of the —:— (see rule 2, under sec. 1 of the civil leave code) 583; directs that the following sec. be added to suppt. A to —:—sec. 9—A native member of the covenanted civil service who, under the rules of the civil fund of the service of the presdy. to which he belongs, is precluded from subscribing to the fund for pensions to his widow and children, may be allowed to pay to govt. subscriptions calculated at the same rates and under the same rules as are applicable to his European colleagues apptd. to the service under the same conditions as himself. In consideration of such payments every such member and his family shall be allowed by govt. the same benefits that are enjoyed by subscribers to the Bengal civil fund and their families. Provided always that subscriptions shall not be received on behalf of a wife married in the life-time of another wife or on behalf of a child born of a wife married in the life-time of another wife, and that such wife and child shall not receive any allowance from govt. 603; directs that the following be substituted for rule 9 under sec. 35 of the —:—9. The deduction made under this sec. from the salary of a covenanted civil servant includes the deduction on account of annuity. The portion which is to be considered as deduction on account

of annuity is equal to one twenty-fourth part of the salary remaining to the offr. after the whole deduction. Where, however, the salary to be drawn is already fixed on other considerations (as *e. g.*, where the offr. is to receive a salary equal to what he drew prior to the transfer), the contribution under this sec. should be calculated upon the salary which remains to him after the usual deduction on account of annuity. *Example.*—The pay of A B is Rs. 1,000. The deduction on account of his annuity is Rs. 40, and the contribution which he must pay, if transfd. to serve under the native state, is $\frac{1,000-40}{4}=240$. The whole charge on the native state is Rs. 1,000 *plus* Rs. 240 or Rs. 1,240. Out of this A. B. will pay Rs. 240 to govt. A. B. will separately pay Rs. 40 on account of annuity. Directs also that the note within brackets which precedes sec. 1 of suppt. A to the — be omitted 613

No. 5956.—The following Resolution is published for general information:—

RESOLUTION.—The Governor General in Council observes that the Rule, under which deposits made in the Presidency Savings Banks within the first four working days of the month bear interest from the beginning of that month, is the occasion of very considerable complication in the accounts. It has also fostered an incorrect idea of the object of Government Savings Banks. His Excellency in Council accordingly directs that in lieu of this rule, the District Savings Bank Rule No. 8 shall be introduced in the Presidency Savings Banks from 1st April 1875. That rule is as follows:—

"Interest will be calculated on money in deposit from the first day of the month succeeding that of deposit, and up to the last day of the month preceding that in which it is withdrawn."

ORDER.—Ordered, that the foregoing Resolution be communicated to the Governments of Madras and Bombay for information and for communication to the Presidency Banks in those places.

No. 6991.—The following Resolution is published for general information:—

RESOLUTION.—A question has arisen as to the course which should be taken, with reference to the provisions of section 10 of the "Government Savings Bank Act, 1873," by Secretaries to Government and District Savings Banks in dealing with applications from parents for the payment to them of deposits made by them or by persons other than the minors on behalf of their minor children.

2. The Governor General in Council observes that the word "Guardian" in section 10 of the Act referred to, means, or at any rate includes, a natural guardian, that is, the father, or at his death the mother, of a minor child; and is pleased to direct that Secretaries of Government and District Savings Banks should be instructed to pay to the father of a minor, or where the father is not living, to the mother, any deposit made on behalf of a minor child by any person other than the minor himself, if the money is required for the use of the minor.

Ordered, that the foregoing Resolution be communicated to the Governments of Madras and Bombay for information and further orders; to the Comptroller General and the Accountants General, Madras and Bombay, for information; and to the Secretary and Treasurer, Bank of Bengal, for information and guidance 602

PENSIONS AND GRATUITIES.

No. 4535.—Directs that the following be inserted as Rule I under Section 70 of the Civil Pension Code :—

1. An officer may submit his application for pension or gratuity even though he has not ceased to be borne on the establishment; but the application must be supported by a certificate, from the authority whose duty it will be to fill up his appointment if vacant, that the officer is likely to retire, within six months, from Government service. The certificate is to be forwarded to the Account Department when that Department is required to verify the services in accordance with the rules under Section 71. This provision is intended to obviate the delays which take place in verifying service, and it is not to be understood as justifying the preparation of the regular application in Form A prescribed in Section 72 before the officer has actually retired.

His Excellency in Council also directs that the following note be inserted under Rule I of Section 78 of the said Code :—

In consideration of such payments every such member and his family shall be allowed by Government the same benefits that are enjoyed by subscribers to the Bengal Civil Fund and their families. No. 7289.—The Civil Annuity Funds of Madras and Bombay having been abolished, the Governor General in Council directs that the following be substituted for Rule 9 under Section 35 of the Civil Pension Code:—

9. The deduction made under this section from the salary of a covenanted civil servant includes the deduction on account of annuity. The portion which is to be considered as deduction on account of annuity is equal to one-twenty-fourth part of the salary remaining to the officer after the whole deduction.

Where, however, the salary to be drawn is already fixed on other considerations (as, *e. g.*, where the officer is to receive a salary equal to what he drew prior to the transfer), the contribution under this section should be calculated upon the salary which remains to him after the usual deduction on account of annuity.

Example.—The pay of A. B. is Rs. 1,000. The deduction on account of his annuity is Rs. 40, and the contribution which he must pay, if transferred to serve under the native state, is $\frac{1000-40}{4}$ =240. The whole charge on the native state is Rs. 1,000, *plus* Rs. 240, or Rs. 1,240. Out of this A. B will pay Rs. 240 to Government; A. B. will separately pay Rs. 40 on account of annuity.

The Governor General in Council also directs that the note within brackets which precedes Section 1 of Supplement A to the Civil Pension Code be omitted ... 613

This limit applies not merely to letters for Germany, but to letters sent through Germany to other countries, under the present arrangement. Paid letters received by this route will be delivered in India without charge; unpaid letters will be charged at the rate of 7 annas 6 pie per ½ oz., if from Germany, Luxemburg or Heligoland; and at the rate of 9 annas 6 pie per ½ oz., if from Belgium, Holland, Sweden, Denmark, Norway or Russia. Insufficiently paid letters received will be charged at the same rate as unpaid letters, less the value of the stamps affixed. MILITARY DEPARTMENT G.O.G.G. No. 6 OF 1869.

The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 405, dated the 24th November 1868, are published for general information:—

4. The concluding paragraphs of your despatch raise a question as to the amount of pay and allowances which should be drawn by Departmental Officers who may be permitted to proceed to England for the purpose of acquiring professional information. You question the advisability of continuing full regimental and staff allowances to such Officers in addition to the other advantages which they enjoy, and you express an opinion that it would be a convenient and liberal arrangement to grant them the full Indian pay and allowance of their rank with half staff salary, the remaining moiety being issued to the Officer officiating for them during their absence.

5. I concur in this opinion, and the rule you suggest may be notified to the Service and made applicable to all Officers who may in future proceed to this country on special duty. It must, however, be distinctly understood that in no case will permission be accorded to Officers to visit England on duty unless the exigencies of the public service imperatively require it ... 512
